

Big Fun at the Big Top

School Shares Circus Celebrations with Community

On Wednesday 2nd May, the Friends of Nook Lane welcomed the Happy Circus to their school. People from the community came together to enjoy the variety of acts.

On 1st May 2018, Happy's Circus arrived because the PFA organised the circus. The Friends of Nook Lane organised the circus to raise money for Nook Lane and for

the community to enjoy it. When they put up the tent, it looked stripy and colourful. When it arrived, everyone was super excited.

When the circus opened, it had bright lights, cloudy smoke and the music was The Greatest Show. There was an amazing explosive escape artist who escaped an explosive trap. Also there was a nerve-racking, brave balance act and she balanced on a bike that was on a ladder with a sword in her mouth with a dagger on the sword. Next was an unbelievable, talented juggler who juggled seven balls. Finally, there was a delightful, talented aerial silk act who did the splits in with up to seven balls. After that, there was a beautiful aerial silks performer that twirled

the air .

When everyone came out of the circus, they were so amazed. "I was really shocked by all of the dangerous acts," said Lydia. "I was so shocked," said Thomas.
